Prostate Relief With Rezum
By Dr. John Reaume, MD

Prostate relief with the latest technological advancement for BPH treatments: Rezum. A non-invasive, little to no recovery period, and fast recovery. If you are suffering from the symptoms of BPH, such as difficulty urinating, then Rezum might be the solution for you. The Rezum system is a minimally invasive treatment that uses water vapor to vaporize and destroy tissue in the prostate. This is done in a single procedure, and you can return to your daily activities immediately. Rezum is performed by Dr. John Reaume, MD, who has been using this technology for several years to provide relief to patients suffering from BPH. Call now to schedule an appointment or to learn more about Rezum.

Printed and delivered with Lamorinda Weekly to 26,600 homes and businesses in Lafayette, Moraga and Orinda CA
