

Cymbidium orchids bloom in the January outdoors.

Let 2012 be the year that you tap into the power of plants, grow your own food, and nurture your natural instinct to bond with the land. By being mindful of our fragile earth connection, we restore balance to our neighborhoods and community. It's time to get off the couch, power down the phones and computers, turn off the flat screen, and let our surround sound be that of the chirping birds, howling winds, and trickling creeks.

Get up, get out, and get dirty. It's Digging Deep time and we're starting fresh. Welcome to a bright new year.
